

## Garlic Butter Steak & Potatoes Skillet: The Carnivore's Dream

**Description:** "Steak and potatoes. Is there a more iconic duo? We think not. In this skillet, juicy patties get seared to perfection, paired with crispy, buttery baby potatoes that have soaked up every last bit of flavor. Garlic, herbs, and a drizzle of butter bring it all together. It's like steak and potatoes on steroids. No fancy restaurants required, just you, your skillet, and a hearty appetite."
